Re: Request for Updated Maps, Nephi Gypsum Quarry, M/023/011, Juab County, Utah

Dear Mr. Evans:

We have had several conversations regarding the remapping of the Nephi Gypsum Quarry. It is our understanding that those maps have been completed; however, the Division has not received a copy of the updated maps to date. We have also talked about the accuracy of the current plan but have not formally met to discuss this issue; nor have we received more accurate plans or maps.

Please forward to the Division a copy of the updated maps clearly showing all existing structures, surface facilities, and current disturbances associated with the mining operation within 30 days from your receipt of this letter. Thank you for your prompt attention to this matter. If you cannot meet this deadline or if you have any questions regarding this letter, please call me at 538-5321 so we can arrange a meeting to discuss the outstanding issues.

Sincerely,

A handwritten signature in cursive script that reads "Tom Munson".

Tom Munson
